THE NEW PAVILION.

OPENED BY LADY GISBOROUGH, JULY 1ST, 1936.

THE EDITORIAL.

It has fallen to the lot of the present Editors to chronicle many important events in the history of the School ; but we can truthfully say that none has given us greater pleasure than that which marks the present term. We are indeed glad to commemorate the opening of the new Pavilion, a very handsome building that in its square dignity harmonises very well with the rest of the School buildings.

It has been constructed of sand-faced bricks to match the new Schoolrooms, and with its ample windows, spacious verandah and commodious changing-rooms is a splendid example of fitness for purpose architecture.

The necessary money has been raised entirely by the efforts of the boys and of the friends of the School ; and the entire building itself has been erected under the supervision of old boys, particularly of Mr. F. W. Richardson, whose speed of construction so attracted the notice of Sir Alfred Pease. This, indeed, is what makes this announcement so pleasurable to us ; it provides concrete evidence of the splendid and continued advancement of the School, and shows too that the high regard for the School formed by all connected with it is reproduced in the public opinion of the district. It has indeed revealed to us how many and sincere are our friends.

The Sports, too, were the success they always are ; and our thanks are due to all who helped towards that success, in particular to the Staff, whose generous and unstinted efforts, not only on the actual day, but also in the many necessary preparations, were so invaluable. Yet even their efforts would have been of no avail if they had not been backed by a very real enthusiasm among the boys. A greater number than ever went into training this year, and there were very few indeed who did not take some part.

The members of the First Eleven this term seem to have developed the temperament of a prima donna. Nevertheless, while on their off-days they certainly went the whole hog, they have accomplished at least one remarkable feat ; we refer to their decisive victory over our ancient and long-undefeated rivals—Middlesbrough High School. Corner, who has made a very efficient Captain, and who has broken all scoring records except his own 161 not out of last season, will be sorely missed next year, as also will Carter, the one consistently successful bowler of the season.

We shall lose many of our most prominent members this term ; and at first sight it may seem that the School is in for a lean year. Yet we must always remember that no two or three boys, however prominent, can make a team ; it is rather the enthusiasm and teamwork of the whole, and that, we are confident, will remain altogether intact.

SCHOOL NEWS.

"Forsan et haec olim meminisse iuvabit."

This year there have been several outstanding achievements in the realms of both sport and work. We heartily congratulate Corner, who, by an excellent score of 157 runs against Ayton F.S. approached to within four runs of the record he set up last season. For this display we are glad to report that he obtained a "News-Chronicle" bat. May he score many more centuries with it. By several other masterly displays, notably an 80 against Middlesbrough H.S., he has, up to date, obtained an aggregate of 447 runs, thereby establishing, as far as we can determine, another record.

On behalf of the School, we offer our sincere congratulations to C. Corner and L. Jordan, who have so greatly distinguished themselves this term by their work. C. Corner, who in 1935 won a County Senior Exhibition valued at £80 for three years, further added to his laurels by winning an Open (Wantage) Scholarship to Reading University, also to the value of £80 per annum for three years. This is an achievement long without parallel in the history of the School.

This honour was increased by the winning of a Bursary for Hull University of £50 per annum for three years by L. Jordan. This success is all the more meritorious when we consider that Jordan only entered this School in 1931.

They have indeed done honour both to themselves and to the School, as Mr. Routh said, and we wish them success in their new spheres.

That perennial complaint, examinitis, has struck the School again. The august members of the Sixth succumbed first, and from July 6th to July 15th were showing all the symptoms—twitching hands, burning cheeks, and writer's cramp. The Fifth, however, took it with their customary aplomb, except for a few apparently overwhelmed by an attack of last minute swot. They, however, are still in the middle of their agony, and will continue sweating until the 23rd July. The Lower School, however, are the most seriously affected, perhaps because work is still strange to their systems. An unusual silence broods over the classrooms, broken only by sudden, explosive sighs or the creaking of a swivelling eye strained to its utmost.

THE "S.S. BROOKWOOD."

This term the School has become a member of the British Ship Adoption Society, an association whose aims are to foster the knowledge and the interest of the schoolboy in the British Mercantile Service. The ship we have "adopted" is the S.S. "Brookwood" of Middlesbrough, and her master is Captain Hammill. She is a single-decked vessel of 5000 tons gross tonnage, running on Welsh coal, and dealing in cargoes of coal, ores, grain and timber. She is at present trading between Swansea, Montreal and Wabana, until ice closes the St. Lawrence to shipping. The object of the "adoption" is that the School should follow the voyages of the S.S. "Brookwood" and learn all about the ports, trade, and the ship herself from the first-hand knowledge of Captain Hammill. Our introductory letter reached him at Montreal, where he was loading grain, and he immediately replied that he and his officers would take great pleasure in answering our letters and keeping us informed of their voyages and duties. Since then the Upper and Lower First, Second, Remove, and Third Forms have sent letters asking numerous questions, such as the duties of a bos'un, facts about the ship, and the ports he likes best. To all of these he has sent full and interesting answers, writing from Montreal and Swansea, and other ports on the trade route. His officers have displayed a lively interest, and have promised to write themselves as soon as possible. When the ship returns to Middlesbrough we hope to visit her and learn still more at first hand. As time goes on we will gradually compile a large amount of valuable and interesting information on the Mercantile Marine, and learn many interesting details of the life on board the merchant ships of to-day.

PAVILION FUND.

We publish below a list of recent subscribers to the Pavilion Fund. It is as complete as is humanly possible; since, however, even editors are not infallible, we crave in advance the indulgence of those who may have been overlooked—but not, we assure them, forgotten.

Mr. R. B. Atkinson.	Mr. L. Harrison.
Sir Maurice Bell, Bt.	Sir Alfred E. Pease, Bt.
Commander Bower, M.P.	Mr. D. Turnbull.
Mr. W. A. Bowman	Colonel Penry Williams.
D. Bragg, Esq.	

Our thanks are due to these and to those others who have subscribed and who wish to remain anonymous.

In our last issue, it will be remembered, we announced that an Inter-School Cross-Country Run had been arranged at Whitby, and that the School was to send two teams, the results, however, came through too late for inclusion in that issue, and so we are glad to publish them now:—

G. G. S. TEAM PLACINGS.

JUNIOR (under 14 on Jan. 1st).

Thus Chaloner won the Shield for the fifth successive year.

HOUSE NOTES.

BRUCE.

Once again our efforts to win the House Shield were unrewarded, and again we must congratulate Chaloner, who succeeded where we failed.

In the Inter-House Cricket we were overwhelmingly defeated by the more experienced members of the Chaloner team, in spite of the valiant efforts of Flanary, who contributed half of our meagre total of sixteen.

In the sports we fared little better; we were well beaten in the tug-of-war by a much heavier Chaloner side. But we congratulate Brittain on his fine running in the mile, half-mile and quarter-mile, by which he gained practically the whole of the points obtained by our seniors.

Our juniors failed lamentably to realise our expectations in both cricket and sports; in the latter they could only muster three points.

Taken as a whole, this has been a very disappointing term, but we have every hope that, if every member of the House makes a special effort, we shall be able to win the much-coveted House Shield for the first time, next year.

CHALONER.

Once again our optimism has been justified; once again we have scored a handsome victory in the Inter-House Competition. This term's work has been our uniform record of success, and really there can be nothing but congratulations for all.

Our juniors turned up trumps—rather unexpectedly. It is true that the House Matches were, in a way, two-men affairs, with Rix getting all the runs and Little all the wickets (nevertheless, the most gallant innings of the whole series was undoubtedly Hudson's dour fifty minutes' defence). Yet the Junior Sports were won by the whole-hearted efforts, not of an individual, but of a team. We congratulate them all.

As was expected, our senior cricket team was far too good for either Bruce or Pursglove, and was never really extended. We should like to say, however, how much we appreciated the gallant batting of Darnton and Johnson for Pursglove.

While it is true that Carter gave us a very valuable lead by his outstanding individual score, the Sports were really won—always—by the enthusiasm of our many starters, through whom, where we did not get first place, we got at least second or third.

So we have won the Shield for the fifth time. Nor is there any reason, if we retain our zest, why we should not win it for the sixth time.

PURSGLOVE.

For the fifth successive year we find ourselves defeated by Chaloner, and can only congratulate them on their fine run of victories which, however, we are determined shall not go on for another year.

Our seniors failed lamentably both in cricket and the Sports, particularly in the former; yet Chaloner's victory was not as decisive as had been anticipated. Certainly the display of our elder members was disappointing, but thanks to Johnson and Darnton, who made the fast bowling appear comparatively easy, a respectable score was made. Against all expectations, four of the leading Chaloner wickets fell for a mere 12 runs, and even their usually aggressive captain was content to play cautiously. However, we had to submit to defeat, though not to disgrace. We were gallant runners-up in the Sports, but it is a very good sign that our points were the result, not of the individual efforts of one or two, but of team-work.

Once again our juniors were beaten on the post, finishing a single point behind Chaloner.

As regards school work, we congratulate Jordan on his notable success in gaining a scholarship to Hull University, as well as on placing us level with Chaloner for next year's competition, each having three points.

Despite the fact that our successes have been few, our enthusiasm has increased, and we can justly hope that after five years of toil we shall soar

"per ardua ad astra."

HOUSE MATCHES. Junior.

Chaloner v. Pursglove.

This match gave Chaloner a very decisive victory. Batting first, they compiled a total of 153 against the weak Pursglove bowling. Rix and Little both batted well, each scoring 61 runs. Pursglove had no chance against the accurate bowling of Little, who took seven wickets for very little cost; and in spite of a gallant innings from Darnton, who was out from the best stroke of the match, they only totalled 36 runs.

Chaloner v. Bruce.

The second house match opened sensationally for Chaloner. After a cut for four and a single by Rix, Forster got Little caught with his fourth ball. One wicket down for five runs. Watson ii carried on the good work and dismissed Barr for the addition of one run. Runs now came slowly, and Rix seemed to be settling down, but could find no one to stay with him, for with the score at eleven Wickens, Crombie and Lowes were sent back by Forster who was bowling extremely well. Though Rix dealt vigorously with loose balls Chaloner were soon eight wickets down for 37. It seemed as if the innings would not last much longer. But Rix found a dour supporter in Hudson who kept his end up valiantly for fifty minutes until the score reached 114, of which he claimed two. The innings closed at 116 with Rix just six short of his century.

Bruce began disastrously against the accurate bowling of Little and Barr, who bowled unchanged throughout the whole innings. Little claimed five wickets for an average of one run each. Not one of the Bruce batsmen appeared confident and they were all back in the pavilion for 22 runs—exactly the same as the ten Chaloner "bats."

Scores:—

Chaloner.		Bruce.	
Rix, not out ...	94	Griffiths, run out ...	0

Forster 7 for 47.		Little 5 for 5.	

Senior.

Chaloner v. Pursglove.

Corner won the toss, but chose to field. Reed and Hall opened for Pursglove in sunshine. The fireworks began in the first minute, for with his second ball Carter clean bowled Reed, and three balls later sent Lindsey back with a fine yorker, all without a run being scored. Hall lasted only one ball from Corner. Hatfield scored the first run of the match by a snick through the slips, but succumbed to Carter's yorker in the next over. Darnton and Johnson, however, by confident batting, raised the score from 1 to 28 before the former was caught off Corner. Lawson, coming on to bowl after this, secured a hat-trick with the last three balls of his first over, and the innings became a procession.

Chaloner opened none too surely against Reed's bowling, Rix being well beaten in the first over. Davis and Little took the score to 12, but at this total Davis was cleaned bowled by Hatfield; Waller, two balls later, was l.b.w. to the same bowler, and Little run out. Corner batted cautiously, and allowed Lawson, and later Carter, to do most of the scoring. The Pursglove total was passed with five wickets down.

Scores:—

Pursglove.		Chaloner.	
Reed, b Carter ...	0	Davis, b Hatfield ...	5
Hall, b Corner ...	0	Rix, b Reed ...	0
Lindsey, b Carter ...	0	Little, run out ...	6

Jordan, b Lawson ...	0		
Extras ...	13		
Total ...	47		
Carter 3 for 14.			
Lawson 5 for 3.			

Bruce v. Chaloner.

Chaloner were hot favourites for the final, which was played in brilliant sunshine. Bruce won the toss and elected to bat. Waite i and Brittain opened, and, as against Pursglove, wickets began to fall immediately. Carter dismissed Waite i with his second ball; Corner bowled Brittain with his third. Hasseldine

scored the first run, a single. Carter, however, took two wickets in his next over ; thus four wickets were down for one run. The procession continued, and only Flanary faced the Chaloner bowling with any confidence. The whole side was out for 16, of which Flanary obtained half.

Lawson and Wright knocked off the required runs in a few minutes.

Scores :—

Bruce.		Chaloner.		
Waite i b Carter	...	0	Lawson c and b Flanary	16
Brittain b Corner	...	0	Wright not out	...
Flanary c Rix b Corner	...	8	Extras	1

		—		
		Total	16	

Carter 7 for 8. Corner 3 for 7.

Chaloner thus won 10 points towards the House Shield.

JUNIOR CRICKET.

Our junior team, under the experienced captaincy of Wickens, has played this term its customary two games with Glenhow School, Saltburn, and suffered two defeats by no means customary. Both matches were, however, very close, and both Glenhow and the School may congratulate themselves on an excellent set of juniors who provided two keen, sporting contests.

Our highest scorer was Crombie, with 36 ; our most successful bowlers Tate iii and Dawson. The whole team, however, batted, bowled, and especially fielded, very keenly.

Results—At Guisborough—	The School	...	46.
	Glenhow	...	57.
At Glenhow—	The School	89 for 6.	
	Glenhow	90 for 6.

Comments : Our cricket this season has been rather temperamental ; but the team is, on the whole, better than its record may suggest. Three of the four defeats came at the beginning of the season, before our batsmen had found themselves, and since then, while we have only lost once—and that by a narrow margin—we have had several good wins. The best performance has undoubtedly been the decisive win against our old rivals, Middlesbrough High School ; it is a long time since we were able to declare in a match against them, and still longer since we defeated them.

As usual, the bulk of the scoring has been done by two or three, and in all matches our tail has been lamentably weak.

Several promising bats, however, have been discovered, in particular Rix and Johnson. The same cannot be said of the bowling, which has been perhaps the main cause of our defeats. There has been no effective support for Carter, the only consistently successful bowler.

Three matches remain to be played ; and, in spite of what the Old Boys may say, or whatever horde of ex-captains they may unleash upon us, we are confidently expecting three victories.

We sincerely thank Mrs. Routh for her kindness in providing teas.
C. CORNER, Captain of Cricket.

THE LIBRARY.

Open—Break, The Lower School } on Tuesday
1.30 to 2 p.m., Forms III, IV, V and VI } and Friday.
The Librarians—N. Polmear, Esq., C. Corner and H. Waller.

As usual, in the summer term, there has been a considerable decrease in the number of books borrowed from the Fiction Library. This is due partly to the excellent facilities for cricket and partly to the fact that, with the examinations looming ahead, members of the upper forms especially tend to become more serious and their time more valuable. We must, however, congratulate Form II on actually increasing their total from thirteen books to eighteen. Whether this is due to their being unaffected by examinations we do not know.

The Librarians wish to acknowledge with thanks the receipt of books from Mallory.

SPORTS DAY.

Fine weather again favoured Guisborough on the occasion of the Annual Sports Day and Prizegiving, which was held on Wednesday, July 1st. The day this year had an added importance, for Lady Gisborough was to open the new Cricket Pavilion for which the School has been waiting so long.

The sports themselves, which were eagerly watched by a large audience of parents, old boys, present pupils, and friends of the School, again provided some very good entertainment. The standard of running was high, and many exciting finishes delighted the crowd, and puzzled the harassed judges who performed their often difficult task with their usual coolness and almost professional efficiency. Perhaps the most exciting race of all was the Junior Relay, where Chaloner and Pursglove were together all the time and the very last runners ran the whole course almost neck and

neck. Carter, showing the form which won for him the Victor Ludorum Cup last year, won easily the 100 yds. open, the hurdles, the quarter-mile and the long jump; these successes enabled him to retain the cup for another year—a feat on which we congratulate him heartily. After the tug-o'-war, in which Chaloner won for the first time for many years, the spectators assembled round the new pavilion, where the prizegiving was to take place. Here, Lady Guisborough performed the opening ceremony, at the request of Sir Alfred Pease, Bt., and wished the boys who were to use it the very best of luck. The Headmaster, in his speech, first told us how the pavilion had been built from the money raised by the indefatigable efforts of the boys (who had given £60 in pennies), of the staff, the Old Boys' Association, the parents, and the other friends of the School, whose understanding help is so invaluable. He was very thankful, he said, that the School had such an active Old Boys' Association. The most outstanding successes of the year had been those of Corner and Jordan; the former, in addition to his County Senior Exhibition had gained an Open (Wantage) Scholarship, thereby doing justice to himself and to the School; Jordan had gained a Bursary to Hull University. The Headmaster stressed the large range of School activities—from table tennis to French plays.

The prizes were then distributed by Mr. E. Major, the Warden of the Carnegie Physical Training College, Leeds, who had kindly consented to honour us with his presence. In a short speech he congratulated us on the range of School activities and wished he had been privileged to attend this School. Here, he said, full attention was paid to both sides of education: the education of the mind and the body. These two sides were, in his mind, he said, inseparable, and must go hand in hand. A good mind was of very little use without a good body to go with it, and the modern tendency of education was to attach as much importance to the right sort of physical education as to the right sort of mental education. He concluded with an address to the boys in which he told them that they must ignore the old people who said that the present generation is degenerating—"present-day youth is the finest the world has seen."

Votes of thanks to Lady Gisborough, Mr. Major, and Mr. F. W. Richardson, who was presented with a silver cigarette case, were proposed by Sir A. Pease, Chairman of the Governors, and seconded by Dr. W. W. Stainthorpe, President of the Old Boys' Association, who also congratulated the staff on their work in organising the sports so efficiently.

The ceremony concluded on an appropriate note of enthusiastic cheers for those who had so generously given up their afternoon for us.

G. G. S. SCOUT TROOP.

This term we have steadily progressed towards First-Class Standard. The troop has gained 13 Pathfinders' Badges, 4 Friend-to-Animals', 2 Weathermen's Badges, and 2 for Horsemanship; our thanks are due to the several examiners who have given us the opportunity to obtain them.

We have also taken to the athletic side of Scouting, and attended the Scout Rally and Sports held at Hutton Hall on July 4th. Here we competed with six other troops for a shield presented by Mrs. Ringrose. The School Troop, the largest in the East Cleveland Association, gained in all 38 points; but, after allowing for troop membership, it was found that the 1st Guisborough Troop were first, with the School a close second. Next year we hope to do even better and bring yet another trophy to the School.

After having camped in successive years in Northumberland, Kirkcudbrightshire and Norfolk, we intend to extend our activities to Ireland, and camp at Powerscourt near Dublin. We expect an exciting midnight crossing and a happy camp at the other side. On this, the fourth year of our troop, we have decided to pass on from the communal system of camping to the more interesting and useful patrol system. For this purpose the rather heavy bell tents have been discarded and we will launch forth in Ireland with new light-weight tents and fresh equipment. We are looking forward to a really enjoyable camp, better even than last year!

L. JORDAN, Patrol Leader.

THE WEATHER STATION.

This term our work has proceeded more smoothly than previously. The erection of a six-foot wire-netting fence and the metalling of the cinder-path by a benevolent Town Council have done much to prevent the depredations of the local urchins. However, a number of heavy missiles, notably a heavy iron bar, have, we fear, impaired the accuracy of the rain gauge.

The interest of the School in the station seems to be at zero; the instruments at the station are too remote to be interesting, while those in the Lab, together with our own charts and the maps issued by the Meteorological Office, are passed over as part of the Lab. equipment.

We have experienced an unusually heavy rainfall. Although officially the rainfall per year is 25—30 ins., for the first six months of this year we measured 18.43 ins., while the first two weeks of July have increased the total to 20.33 ins., showing 1.90 ins. in half of the month which last year gave only .455 ins. This unusually large total is partly due to a very wet June, when we registered 4.83 ins., with 1.17 in. and 1.64 in. on two consecutive days, the latter being the highest daily rainfall yet recorded by us.

We regret that, through a misunderstanding concerning the delivery of the weather maps, we have been unable to give comparisons for March and April.

During May, our rainfall was the highest published; Valentia was our nearest rival with 2.1 ins., while in the south several monthly rainfalls were below half an inch. In June our exceptionally high rainfall of 4.83 ins. was surpassed only by Holyhead with 5 ins., while no station even approached our one-day record of 1.64 in. on the second of June. Average minimum temperatures for both months were the lowest of any English station, while the temperature of Eskdalemuir for May was the only one lower than ours. The lowest temperature recorded here in June (34 deg. F.) was the lowest published.

Rainfall was higher than the previous year by 1.48 in. and 2.293 ins. for May and June respectively. May was warmer than last year, average temperatures being 56.4 deg. F. (1936) and 53.4 (1935). June, however, was much cooler, recording 64.6 deg. F. against the 68.5 deg. F. of last year.

Weather Statistics. G.G.S. Station.

LETTERS TO THE EDITORS.

The Editors will be pleased to receive letters on any interesting topics.

Sirs,

I wish to become a 1st class cross-country runner, and also a champion sprinter, but I do not quite know how to train properly.

I have been advised by "one who knows" that the method is—
For Cross-Country—Become a 1st Team bowler.

For Sprinting—Catch the 4.30 SPECIAL every evening. (I think he means the special, but he called it a particular kind of 'bus).

Please advise me.

Yours, LOWER I.

Old Boys' Association.

President :

Dr. W. W. Stainthorpe.

Vice-Presidents :

The Headmaster	H. Stokeld
L. Harrison	J. Morgan
J. Arrowsmith.	

Committee :

D. Scarth	L. McLane	M. Maughan
D. Bragg	S. Page	C. Collett
R. W. Armstong	W. A. Bowman	J. I. T. Norminton
P. Bewick	J. Jackson	D. Turnbull

Hon. Secretary : John D. Stokeld, 20, Fountain St., Guisborough (Tel. 84).

Hon. Treasurer : J. Combellaek, Lambeth House, Guisborough

Hon. Auditor : J. H. M. Taylor, c/o Martins Bank, Ltd., Guisbro'

Local Secretaries :

Loftus & District—

M. Maughan, Cliffdene, Bank Top, Loftus.

North Skelton & District—

R. W. Armstrong, 22, Vaughan St., North Skelton.

Lingdale, Boosbeck & District—

W. A. Bowman, The Villas, Lingdale, Saltburn.

Middlesbrough & District—

V. Eckert, Lunefield, The Crescent, Linthorpe, Middlesbro.

School Representative : Mr. D. Pragg.

Association Colours : Navy blue, red and white.

Editorial.

The Summer Term as usual has been a quiet one for the Association.

Elsewhere will be found a list of members and if you take the trouble to count them you will see that we now have a membership of 190. The circular which was issued early in the year proved very successful and the Treasurer has received £3:12:0 in arrears and 76% of the subscriptions have been paid for this year. Those who have not paid are requested to do so as early as possible.

I regret to announce that G. Plews has had to retire from the Treasurership as he is now stationed at York as a representative of Messrs. Oxo, Ltd. We wish him every success in his new job. He has left me with the Books of Account and with the hope that they will balance. I take this opportunity of notifying him that they do not balance, but as he has more in the bank than he should have we will let him off.

The new Treasurer is J. Combellack, Lambert House, Guisborough, who has been appointed by the Committee until the next Annual Meeting.

The opening of the new Pavilion was a big day for the Association as well as for the School. It was built, glazed, "plumbed," painted and tiled by Old Boys. The painters must have made a good profit out of it as they have since been seen riding about in a brand new car.

Unfortunately *The Guisborian* this year is published before the Berwick Cup Match and we therefore cannot give you a report of how we again beat them. We are getting as strong a side as possible and we should have no difficulty in beating the School even if Mr. Bragg is umpiring.

A new register of members has been prepared and notes will be kept of each member's outstanding performances after leaving School, e.g. scholarships, convictions, etc. It is also intended in future that the years at School shall follow members' names whenever they are mentioned, e.g. A. N. Other—1930-34, so that members will be better able to remember each other. You will greatly help by giving such information whenever communicating with me.

As Mr. Bewick has given up business, the method of supplying blazers, etc. has not yet been definitely decided upon. If any member particularly requires a blazer I can give him the address of the manufacturers of the material but it would have to be made up by your own tailor. I have a supply of ties in my possession, price 3s. 6d. each. J. D. S.

Other Activities.

On the 14th May, 1936, we played the Guisborough Unionist Club at Snooker and Billiards. Time did not allow us to finish the match, but at the close we were leading at Snooker 7-5 and losing at Billiards 1-4. The team was: J. Clarke, W. Darnton, G. Wear, J. D. Buttery, C. H. Wilson, J. R. Mitchinson and W. Blackett.

There were about ten entries for the Old Boys' Race at the School Sports. Unfortunately Darrell Buttery developed a cough at the last minute and had to be scratched. Teddy Harrison's price lengthened from 100-8 to 100-1 on rumour that he had a bad toe. After a good start Roper led at the first turn but was soon overtaken. At the last turn Ferrer was leading and managed to hold his lead in the straight to win by two lengths; F. W. Richardson was second and J. Ableson third; one length between second and third. Betting: Evens Ferrer: 3-1 Ableson and Richardson; 100-1 Harrison and 200-1 others. There is no truth in the rumour than Bookmaker Galifron welched.

The Committee have decided to start a Benevolent Fund and have allotted £5 of our funds to a separate account for this purpose.

News of Old Boys.

Marriages. Harry T. Shean to Miss Joan Bendelow of Boosbeck.

William Archer Bowman to Miss Agnes Mary Scarth of Lingdale.

Raymond Williams was second with 94% in the Featherweight Championship in his Command Team. Last November he won the Uxbridge Cup.

Stanley Gjertsen is on the S.S. Bankura and will be in India for 3½ years.

D. T. Waine has passed his optician's examinations.

Alec Baker is now at Grangetown Junior School.

Ted. Firbank has taken a commission in the Air Force.

Jim Graham and Frank Harrison have had a nasty smash on a motor bike. Harrison was badly cut about the face, whilst Graham was taken to hospital with concussion.

Fred. Brunton is Vice-Captain of Marton Cricket Club.

Charlie Wilson won the mixed doubles at the Guisborough Tennis Tournament.

A. Garner has been elected Secretary of St. John's Cricket Club for 1937.

J. Furness and E. Brown continue to do well at Liverpool University and have passed the first part of their respective degrees.

J. R. Collett has scored his 1000 runs for the Guisborough Cricket Club as usual.

Cottler has joined the Old Boys' colony at County Hall, Northallerton.

F. W. (Eric) Richardson has passed S1 of the Pharmaceutical Society Examination with First Class.

Harold Norminton has been appointed Headmaster of Loftus Senior School.

G. Dennison is a lithograph engraver for the *Western Mail*.

List of Members for the Year 1936.

- H. B. Ableson, 8, Queen St., Carlin How.
- J. Ableson, 59, Redcar Road, Guisborough.
- J. Allen, 4, Stanghow Road, New Skelton.
